PATENT

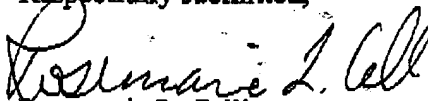

REMARKS

To respond to the Election of Species Requirement, Applicants were required, in part, to elect an antibody, "1) selected from antibodies which are A) human, B) humanized, or C) mouse..." Applicants inadvertently elected Species 1C, humanized antibodies, a species not specifically recited by the Election of Species Requirement. It was Applicants' intention then, and now, to elect Species 1B, humanized antibodies.

Support for the amendment to claim 1 may be found throughout the specification, e.g., page 3, lines 14-15.
